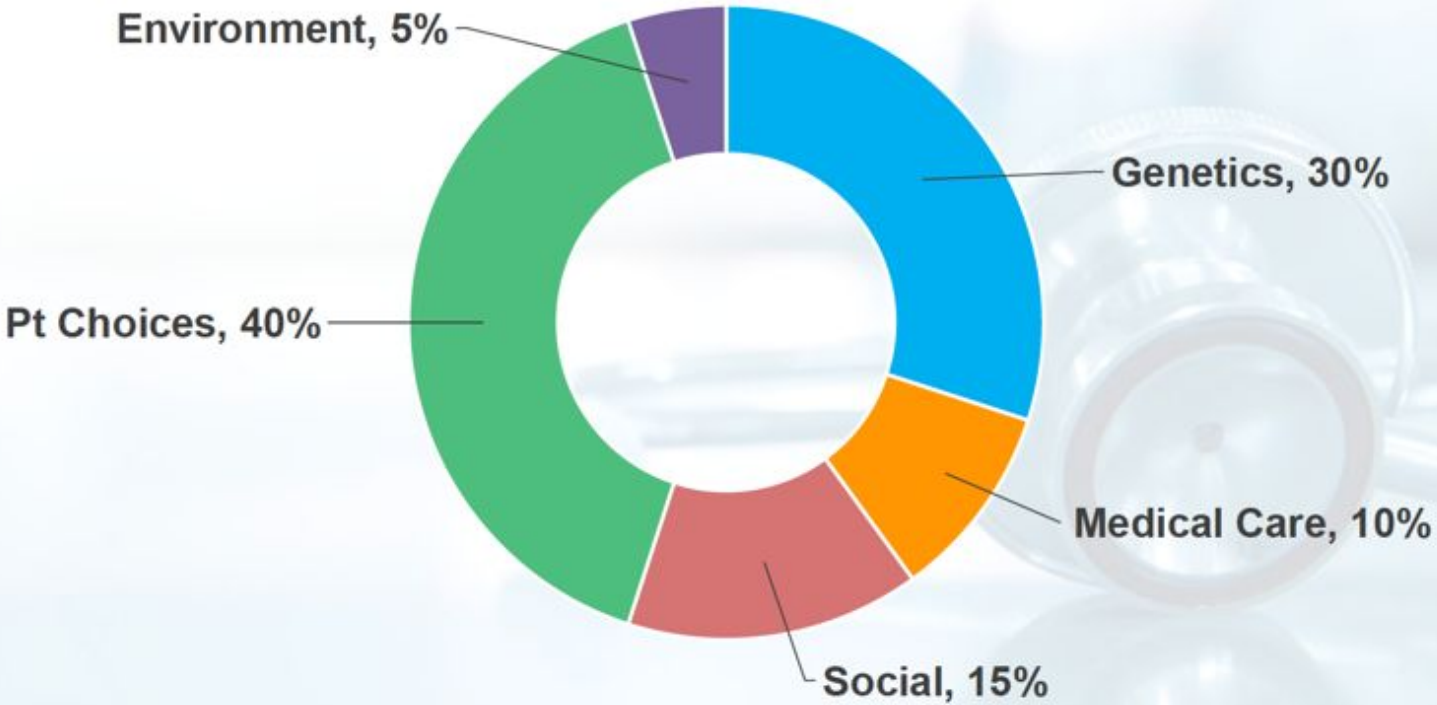
# How did we end up here: A window into Emergency Department Visits

Daniel Maxwell Brick, Hannah Stevens, Jaime Carrillo,
Sonia Gupta & Tawny Nichols

# Agenda

- Background
- Website
  - Emergency Department Dashboard
  - Maps
  - Profiles Dashboard
- Findings
- Conclusion

# What Determines Health



https://www.healthcatalyst.com/insights/social-determinants-health-todays-data-imperative

# Website

# Emergency Department Dashboard

# Maps

# Profiles

# Findings

In LA county:

- Majority of hospitals are not for profit hospitals & mid size (#)
- There are hospital desert areas
- No areas are lacking community health clinics
- Food pantry locations are not indicative of food security

# Conclusion

- Best Practices
  - Strong teamwork
  - Complementary strengths
  - Exciting topic - more to come in project three!
- Opportunities
  - In the beginning, you don’t know what you don’t know!
    - Identifying best data
    - Cleaning data

Emergency Department Visits
Research suggests that nearly 30% of ED visits "could be managed in physician offices, clinics and urgent care centers" (Weinick, Burns, & Mehro, 2010)
